Tiny tots on go green campaign

Children at Little Steps, a city-based pre-school, are on a mission to create awareness among the general public. During the "Go green campaign" started by the school, the toddlers carried placards showing messages of environment protection and shouted slogans in the upcoming localities from Patia Big Bazaar to Nandankanan zoo. The week-long programme has been jointly organised by the Centre for Environment and Development (CED), Thiruvananthapuram and Kalinga Development Foundation (KDF). "We also focus on environmental issues even in our curriculum," said principal Sudha Manjari Mishra.
